SHOW PREVIEW

**MOST COMPLETE TRADE SHOW
FOR LIVESTOCK PROFESSIONALS
IN SUB SAHARAN AFRICA**

Organized by: **VNU** EUROPE

Dear Visitors,

It is a pleasure to welcome you to the 4th edition of VIV Africa. What started as an event focusing on poultry has expanded into a full VIV event showcasing 140 exhibitors from 33 countries covering livestock and poultry, with an introduction of dairy and agriculture on the show floor.

Our conferences, seminars, and networking events offer valuable insights and encourage collaboration. WPSA as partner for the Leadership Conference brings renowned speakers from Canada, Ghana and the Netherlands. Dairy and horticulture content and workshops have been added with our knowledge partners Global Dairy Farmers and Traide.

Gathering in the heart of Africa, we are reminded of the importance of animal health, nutrition, biosecurity and sustainability. From the Leadership Conference, to the exhibition area to the rich content program, VIV Africa 2024 is dedicated to promoting knowledge and business exchange as well as best practices.

We extend our gratitude to our sponsors, partners, and exhibitors for their support and participation. Your commitment to excellence and innovation is an integral part of what VIV Africa is today.

To our visitors, thank you for joining us. Explore, network, learn, and connect. Whether seeking new business or knowledge, we trust you will find VIV Africa 2024 a rewarding experience. Enjoy the event!

Warm regards,

Birgit Horn
Managing director

VIV AFRICA 2024

WELCOME TO VIV AFRICA!

Building on the success of the previous editions, Poultry Africa has transitioned to VIV Africa 2024. VIV Africa will continue to focus on Poultry, in addition to the introduction of Agriculture and Dairy. Bringing together an even more diverse range of industry players.

By providing high-quality content on these topics via dedicated pavilions, conferences and seminars, we offer you the tools to address the current challenges and solutions for agricultural and dairy businesses in Africa.

In a designated expansion, VIV Africa 2024 introduces two new sectors: Agriculture and Dairy, with the Horti Agri Next (HAN) Pavilion and the Dairy Pavilion respectively, bringing together an even more diverse range of industry players.

KEY SHOW PARTNERS

LET'S MEET IN KIGALI

Situated in the heart of Africa, Kigali serves as the gateway to the African region. With its well-developed infrastructure, political and social stability, and consistent openness to foreign investment, it has been a magnet for overseas companies looking for a strategic location to set up or expand business.

EXPO FOR SUB-SAHARAN AFRICA

VIV Africa 2024 will continue to focus on **Poultry**, alongside the introduction of **Agriculture** and **Dairy**. By providing high-quality content on these topics via dedicated conferences and seminars, we offer our attendees the tools to address the current challenges and solutions for agricultural and dairy businesses in Africa.

TECHNICAL BEST PRACTICE SEMINARS

VIV Africa features an extensive speaker and expert programs. Join practical seminars covering animal health, nutrition, biosecurity and more.

GET READY FOR VIV AFRICA 2024

Discover the complete Feed to Food Chain at VIV Africa 2024 in Kigali. The driver behind the chain concept is that animal feed and animal health are vital for meat quality and safety. VIV Africa will represent every step in the meat- and egg production process, and include dairy production and horticulture. With around 1,600 visitors, VIV Africa brings together top level visitors and delegations from the Sub-Saharan Africa region.

PAVILIONS & PROGRAMS

DAIRY PAVILION

In partnership with **Global Dairy Farmers**, a premier network for leading innovative dairy farmers and agricultural companies, VIV Africa introduces for the first time the Dairy Pavilion onsite. The pavilion will showcase cutting-edge innovations, sustainable practices, and the latest in dairy technology. This new feature offers an opportunity to explore and connect with experts in dairy technology and practices.

Dairy farms have a huge potential to grow on the African continent. There is a lot of focus from African governments on these sectors with the ambition to grow and develop. 48% of the visitors of Poultry Africa 2022 mentioned in the survey that they are also interested in Dairy. Following the last 3 editions it has become clear that Dairy plays an important role of the agriculture sector in Africa, and we look forward to welcoming both new sectors to the event.

DAIRY PAVILION

WEF / FOOD ACTION ALLIANCE PROGRAM

Youth engagement in the poultry sector is essential for the sector's sustainability and growth. The Fireside Chat session presents an invaluable opportunity for those in the poultry sector especially youth to become aware of the constraints, effective interventions and opportunities in the sector.

This session is scheduled for **October 3rd, 10:30 - 11:15**, on the margins of the 2024 VIV Conference.

Poultry Possibilities: Overcoming Challenges and Unlocking Opportunities

- Overcoming Challenges and Unlocking Opportunities
- Technical Skills and Industry Access
- Youth Engagement and Sector Perception

After lunch, a **guided tour** takes interested parties along one exhibitor each in the value chain, to learn and ask questions.

Win complimentary tickets to the leadership conference!

Our leaders of tomorrow in the poultry sector have a chance to win complimentary tickets to the leadership conference and to deep dive into topics and meet the leaders of today.

EDUCATION AS THE WAY TO GENERATE DEMAND FOR VALUE-ADDED QUALITY EGGS IN AFRICA

By Dr. Vincent Guyonnet | WVEPAH

A high-level continuing education program for veterinarians and animal production specialists enables optimum training and field support of farmers and ensures the sustainable production of safe and nutritious eggs. Investment in consumer education is also needed to grow local demand. A better appreciation of the nutritional benefits of shell eggs will then allow for the promotion of more value-added eggs and expand the market for eggs in Africa.

FEED MANAGEMENT AS A PATHWAY TO PROFITABLE BROILER FARMING

by Ahmed Abdou | Chore-Time Europe

Feed is the major cost of broiler meat production and in recent times the price of feed has continued to rise in many parts of Africa.

Broiler production is all about performance and costs. Reducing feed wastages and optimizing the feeding of Broilers is a sure path to profitability.

Chore-Time's breakthrough Konavi Broiler Pan Feeder is designed to help broiler farmers grow their Birds from a Day Old without the use of feed papers or supplementary feed trays. Its unique features give birds easy access to feeds, keeps the birds eating and minimizes feed wastes.

PRECISION FUNCTIONAL NUTRITION SOLUTIONS FOR GLOBAL POULTRY CHALLENGES

by Dr. Jose-Luis Cano Phd. Dvm | ADM International Sàrl

Poultry production has a promising development forecast for the next years, especially in Africa, but it faces very important global challenges in safety, health, efficiency and sustainability. Science- and technology-based strategies are used with a multidisciplinary approach that integrates management, health, sanitary programs, and nutrition.

We have now advanced tools on Precision Nutrition and Functional Nutrition to improve production, efficiency, health, mitigate infection pressure, promote productive metabolism, and modulate immune system. Designing specific nutritional solutions in coordination with producers' strategies is critical to face successfully current and future challenges of poultry production.
